

Comedy Evaluator Pro Fast Start Guide

You will need a video or audio recording **that you can clearly hear audience responses** in order to conduct a performance evaluation using Comedy Evaluator Pro. This can be an online or offline recording that you can listen to on your computer or any playback device.

Your video or audio recording/playback device or online service DOES NOT directly “connect” to CEP.

***There is a YouTube video display interface built in to the CEP Control Panel that can be used to evaluate stand-up comedy performances in any YouTube video.*

[CEP Screen Shots](#) | [Evaluation Report Screen Shots](#) | [CEP Info Resources](#)

Step 1: Starting A CEP Evaluation

In the Members Area, click the button to open the CEP Control Panel. Then when you are ready, start the video or audio recording of the performance that you are evaluating.

Once the performance actually begins on the video or audio recording, immediately click the **Start** button in the CEP Control Panel:

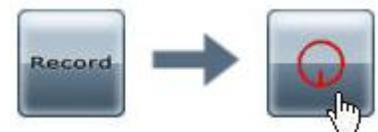

*Note: The **Start** button will display **Stop Evaluation** once activated.*

Step 2: Measuring Audience Response During A CEP Evaluation

Each time *collective* audience laughter, cheering or applause occurs in the recording, press and hold the **Spacebar** only for the duration of each laugh, cheer, or applause break or...

Mouse over the **Record** button only for the duration of each laugh, cheer, or applause break:

Step 3: Concluding The CEP Evaluation

At the end of the performance (or segment of performance) being evaluated, click the **Stop Evaluation** button (or press the “S” key on your keyboard).

When you have stopped the evaluation, the **View Report** button will appear at the bottom of the CEP Control Panel next to the Reset button. Click the **View Report** button to review a minute-by-minute, printable evaluation report of the performance that you have evaluated.
